Dear Janette,

When at-risk youth and people suffering from substance abuse or mental health issues get the help they need, miracles happen...and all because of you.

Thank you for donating a team of volunteers to work at Genesis House on November 4th, 2016. It will help offset the cost of all of Community Human Services' work to provide essential human services for individuals who might otherwise have been unable to afford the cost of care.

In recognition of your kind gift, we'll add your name to our donor list in our next newsletter. If you have any questions, please contact me at 831-658-3811 or rrapp@chservices.org. We'd love to hear from you.

Thank you so very much for your ongoing support of Monterey County's most vulnerable residents.

Sincerely,

Robert Rapp
Development Director

Thank you again Janette!

writers, it was there that I was able practice my craft and eventually acquire something that ALL good writers must have: A Food Handler's card.

Because of this, I can stand before you as someone highly qualified to talk turkey.

So let us begin.

Like many of us, your bird has probably been somewhere in the bottom

swallow moments before death.

Next, you need to immediately place the giblets into the refrigerator. This will ensure they don't end up on the kitchen floor and, as a result, get thrown away after being mistaken for cat vomit.

If you choose to cook the stuffing inside the turkey, make sure that you don't over stuff the body cavity. This can

But if that does happen, you may want to put the turkey back into the oven for a while — assuming you haven't lost your giblets.

LETTERS TO THE EDITOR

THANK YOU HAYASHI & WAYLAND

Editor,

On behalf of Mee Memorial Hospital and Foundation, I'd like to express appreciation to all of the individuals at Hayashi & Wayland who volunteered in our rose garden last week.

Employees of Hayashi & Wayland volunteered most of their day to help trim and clean the rose garden, and beautify the space. The Garden exists largely because of the many community volunteers, such as Hayashi & Wayland that care for it on a regular and seasonal

basis.

The MMH Foundation's Rose Garden is a place to celebrate and give thanks for those people who are most special to you. The pleasantly landscaped, serene garden has plaques placed in front of dedicated rose bushes inscribed with your loved ones name.

We are proud of our community and the many volunteers that dedicate their time and talent to keeping this jewel in good condition.

THANK YOU FOR FOOD BANK DONATIONS

Editor,

I would like to take this opportunity to give a great big THANK YOU to some very special people.

First, I would like to give a big shout out to the King City Blue Ribbon 4-H. These very special kids participated in a scavenger hunt in our community and donated 30 boxes of food to our local Loaves and Fishes program.

Next, a big applause goes to the King City High School FFA for their very successful canned food drive. These wonderful kids do-

nated 500 cans of food.

Last, but not least, the California Water Service Company gave our organization a check for \$1000.

I never cease to be amazed at the generosity of our community. The needy in our area will benefit greatly from all the donations made to our Loaves and Fishes program.

There are so many who not only donate monetarily, but we have some very dedicated volunteers who donate their time and energy week after week.

*Sincerely,
Sharon M Hornlein
Program Director
